

## ENDS AND TRENDS WITH KIM AND KAREN

**Karen's Fashion Trend:** Leopard is the new neutral basic, according to some fashionistas!

Every winter, I happen to notice the reappearance of animal prints. Usually, it's leopard or zebra. But this season, I really took a good look and found leopard was the hot print of the year.

I've seen the playful, daring print on sweaters, tops, leggings, skirts and scarves. But the cutest accents are the prints on jewelry and shoes. Boy, do I love the shoes! They're bold and stylish, and definitely on-trend. You can't miss this print!

So, if you're looking to spice up your wardrobe and give it some extra flair and kick, put on some leopard. You'll be wild with style!

Happy shopping!
